EUROPEAN SAFETY COUNCIL

About the Course:

The ESC International General Certificate in Occupational Health and Safety (IGC in OHS) is a professional qualification designed to equip individuals with essential knowledge and skills in health and safety management. This course is ideal for those looking to advance their careers and achieve industry-recognized certification.

Course Accreditation:

- ▶ Endorsed by Qualifi, UK
- ▶ Recognized by BCSP, USA for TSP status

Course Benefits:

- ▶ Prepare directly for the Certified Safety Professional (CSP) certification without the need for the Associate Safety Professional (ASP) designation.
- ▶ Exemption from the ASP requirement with BCSP (USA)
- ▶ Eligibility to apply for TSP status with BCSP (USA)
- ▶ Listed on the BCSP website as an eligible criterion for TSP status.

EUROPEAN SAFETY COUNCIL

Examination Details:

Students will need to appear for a theory exam conducted at an exam venue set up by the Course Provider Center. During the exam, students will complete the answer book template using their laptops, ensuring a streamlined and efficient process while maintaining the integrity of the certification.

A combination of formative and summative questions will be used to evaluate students on 12 competencies. There will be multiple-choice, true-false, and summative questions for each competency. The competencies are carefully crafted to evaluate the learners' OHS knowledge and skills, guaranteeing a multifaceted assessment of the learners.
